Fall 2013

President's Corner:

With the change in weather this past summer we all will remember what a record-breaking beautiful summer we had, plenty of great sunshine without rain, perfect for camping overnight or longer. We are very fortunate to have such nice facilities, for some a short trip from home. We are also thankful to have great volunteers and staff to keep up with the daily tasks and special events to make this club, your club, enjoyable for all. My thanks go out to all the committees and volunteers for donating their time this past year to keep things running smoothly. My thanks also go out to our gatekeeper Laura, rangers Randy and Darrell and other part-time employees for the sometimes thankless tasks they do to keep our park safe and running smoothly.

I would also like to take this opportunity to thank the past volunteers that have chaired the various committees and to the new chairpersons and helpers for stepping up and volunteering to help. John and Corinne for the special events, Steve Kline, Tom Bergan and Randy Stowell for the Building Committee, Steve Kline and volunteers for Special Events in the kitchen, Samantha Wheatley, Holly Hatter, Mimi Johnson and Erin Udman for the Youth Committee, Steve Johnson and volunteers for the Beautification Committee and many others who have stepped up to help in various capacities. I apologize for those names that I may have left out, please be assured your volunteerism is appreciated.

Next time you see one of staff or volunteers you may want to thank them also. Without their commitment and dedication to the park we would not be able to enjoy the facilities as we do.

I also want to thank my fellow Board members. Their dedication and many hours of behind-the-scenes work have been of great assistance to the club and me. This past year we have accomplished many tasks, the clubhouse and surrounding back lot improvements, the library, and the great Labor Day entertainment and events, enjoyed by many, to name a few. The Board is moving forward with planning of other improvements, including a youth center that we hope to accomplish before next spring/summer.

I would also like to thank each and every member that take an active part in keeping the campsite enjoyable for all by keeping each campsite clean and tidy, by watching out for others and by paying your dues/electricity on time to enable the club to have the funds to operate.

Winter is fast approaching and is expected to bring wind and rain along with it. No doubt there also will probably be freezing temperatures and (hopefully not) some snow. Please be sure to turn off your frost-free, drain/disconnect your hose and prepare your RV for winter. Remember, stuffing some foam into your roof vent will help you preserve the temperature in the RV.

Lastly, please remember, this is your club. Please consider helping by volunteering when asked to keep it running smoothly for all. I've learned that a stronger relationship with fellow members is vital to better enjoy my time at camp.

Have a safe winter and I hope to see you all during our monthly meetings or next spring.

Mike Brust

President

FALL CLEAN UP TIME

OCTOBER 12 & 13, 2013

Show up at 9:00a.m at the Clubhouse for Coffee and Muffins. Dress warm and dry, bring your heavy gloves to help with tree branches. Pizza for lunch and back to work.

Call Steve Johnson 425-870-4676 if you have questions

Pilguamish Community Club
P O Box 764
Granite Falls, WA 98252

FYI

Winter is coming and the need to winterize your RV.

Turn off your water and remove the hose from the connection every time you leave.

The cost of replacing a Frost free has increased due to the frost free price increase. The cost for replacing will be \$135.

Read the Rule book, it answers most questions, on what you can and cannot do.

Remember only one car at a time can go through the gate.

There are several memberships for sale and posted on the bulletin board.

The Library is open and well stocked, warm and clean. There are movies to be borrowed and we are getting a good supply of children's books. Thanks, Sid
